WE'RE READY!

SUMMIT DAY ;

This day begins at 4:00 a.m., with breakfast. We climb for the edge North up to the refuge Independence to the 6,450 m. It is in this place where the sun reaches us for the first time during this day. We'll walk by the " Portezuelo del viento " (Door wind), where we must face strong winds even in days of relative quiet. From there We do a traverse on the top part of the west face and go up " The Canaleta ", a step of 300 m. that finishes to the summit edge.

After The Canaleta, the " Filo del Guanaco" is waiting for us (The pass that We saw some days before from Plaza Francia, 3,000 m. down ! South wall of Aconcagua is considered between one of the biggest walls of the world.)

In the summit the prize: a view of 360 ° and the experience of personal feelings and indescribable emotions, which only are understood by experiencing it for yourself. The autorrealización, the satisfaction of reaching the objective, of expiring with the mission, of reaching this point where literally the sky touches itself with the hands. Attention, it is necessary to guard the physical rest for the decrease to the field 3. Dinner and camp.

DAY 16 : Camp III "Colera" - Plaza de Mulas base camp.

Return from the Camp 3 to the Camp Base, to enjoy a great dinner and to feast the ascent realized in the comfort of the Camp Base.

DÍA 17 : Plaza de Mulas - Penitentes - Mendoza.

After disarming the camp and preparing the bundles that will be transported by the mules one day of 7-8 hours of trek it takes us on returning to Penitentes and the meeting with the entrance of Aconcagua park where our transport will be waiting for us for return to the city of Mendoza.
